Office Action Summary

Art Unit: 3764

DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-4 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Ketchum.

Response to Arguments

3. Applicant's arguments filed May 10, 2002 have been fully considered but they are not persuasive.

Applicant argues that Ketchum discloses two sensors instead of one sensor as disclosed in the present invention. The examiner concurs. However, Ketchum discloses all of the structural limitations as recited in the present invention. It does not make it patentable because Ketchum has two sensors and the present invention only claims one sensor. Both invention use the sensor to perform the same function. Clearly, it is less expensive to have one sensor versus two sensors. However, a saving on the manufacture process does not provide any novelty to the invention.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
